DESCRIPTION

The new SaVi Pool and Spa lights use Proprietary TRUECOLOR™ Technology for the cleanest light, purest colors; it's the brightest way to light your pool or spa. The SaVi Pool and Spa Lights feature 9 exciting Color Modes: 5 beautiful static colors and 4 exciting shows which can all be controlled through the flip of a switch. With a pool light and spa light combination, you can create up to 49 different color/show combinations through SVI's Proprietary Dual Control Technology. The SaVi Pool Light and the SaVi Spa light both fit spa niches. A retrofit plate is available for standard size pool niches. There are no moving parts and no maintenance is required. Award Winning LED lighting Technology from Super Vision International, the brightest in World!
