

Features & Applications

The PDX-36 LED Down Lights use High Brightness Luxeon LED as its light source. They are housed in a new modern fixture for easy installation. Each lamp comes complete with a Constant Current Driver to ensure consistent brightness and optimal performance. The LED light provides high CRI lighting effect with negligible heat, UV or IR emission. They are ideal for pictures, antiques, jewelries, cosmetics, general lightings, etc. They can be easily applied at showcases, ceilings or under counters.

Dimensions

Height (mm): 48 mm
 Diameter (mm): 130 mm
 Cut-out Diameter: 104 ~ 108 mm

Product Specifications

Total number of LED	6
Types of LED	Luxeon 1w HB LED
Driver Type	External Constant Current Driver
Driver Power Input	100~240vac, 50~60 Hz
Power consumption (Total Max)	8 watts
Output Power	7 watts
Lens Viewing Angle	10, 30, 45, 60 deg
Lux Level @ 1m (White)	<=1740 lux for 30 deg, <=1070 lux for 45 deg, <=820 lux for 60 deg
Estimated Lamp Life	50,000 hrs

Models

PDB-36010	PDX-36 LED Down Lamp with 10 deg angle lens	For warm white, pls
PDB-36030	PDX-36 LED Down Lamp with 30 deg angle lens	Change "PDB" to "PDE".
PDB-36045	PDX-36 LED Down Lamp with 45 deg angle lens	For other colors pls check
PDB-36060	PDX-36 LED Down Lamp with 60 deg angle lens	with Prime Light.
